

MEDIA RELEASE: 17 June 2021

Part of Reconciliation is Education – How Would You Do On This Quiz About Indigenous Australian People, Culture and History?

Cultural awareness and reconciliation experts Aunty Munya Andrews and Carla Rogers are challenging Australians to take this simple [10-question quiz](#) to work out what more they can learn about our history.

“This is something we regularly do when we conduct our cultural awareness training sessions, and the results are always interesting.”

Carla and Munya are both passionate advocates for education as a crucial practical step towards reconciliation.

“It’s not about shaming people for getting the answers wrong – what’s important is using a simple quiz like this to work out what you don’t know – and taking the time to learn more about it.” said Carla.

“June, for example, is a month full of events Australians should know more about, including the Myall Creek Massacre and the Northern Territory Intervention.”

“In addition, NAIDOC week (early July) is an ideal time to learn more about and celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander peoples.”

[Carla and Munya are available for an interview – and can even conduct this quiz for you and your listeners!](#)
